## **WWII – A NUCLEAR WAR**

### **Has the fuse been lit?**

**In Sarajevo, July 28, 1914 ... One Bullet started WWI.** The shot, heard around the world, had a devastating effect. It killed its target ... Archduke Franz Ferdinand of Austria. **“The Great War”**, as it also is called ... lasted for over 4 years ... with some 9 million soldiers killed ... and another 7 millions civilians killed.

**On September 1, 1939 ... the nefarious war machines of Adolf Hitler, started WWII.** Germany invaded Poland. Most major nations worldwide, committed their defense systems as well as their economical, political, natural and scientific resources in order to defeat Nazism and to be part of winning the war. WWII lasted six years. ... It is estimated that 60 million people were killed. It took more lives and destroyed more property around the globe than any previous war. Hitler’s Holocaust and the Nuclear Bombs of Hiroshima and Nagasaki are the ugly fruits of WWII.

**In the Spring of 2014 ... and now gaining the speed, ferocity and destructiveness of a major Tsunami wave ... it hurts my heart to say: “A human tragedy, even more catastrophic, horrible and devastating than the combined results of both WWI and WWII is in the budding process of taking place.”**

**In September 2015 ... The Syrian Refugee Crises** and the resulting immensity of human suffering presently taking place ... and now hourly being played out on the world news and social media, could be **The Doomsday Fuse That Ignites WWIII.**

The possible realization of this horrific observation is further advanced ... by the recent, wicked decision of Vladimir Putin to establish ... in the name of the ludicrous euphemism of stabilizing “Regional Peace” ... to establish a self-proclaimed, unauthorized, major Russian beachhead on the Mediterranean coast of, Tartus, Syria.

No crises on Earth today, whether economic, social, environmental, religious or political is as perilous and desperately urgent to resolve as the Syrian Refugee Issue and its Root Cause, because if it should ignite WWIII, then all the problems just mentioned could be combined in one Most Horrific, Hellish Ball of Fire ... WWIII. **“Humanity will be plunged back into The Dark Ages.”** Is that what we want? **No! Common Sense and Love for Life and Living state: “Absolutely Not.”**

***Consequently ... I most urgently advocate: ... Establish A New, Dynamic Alternative and Program of: "Global People Power for Universal Peace." Most forcefully I state: "Humanity Change Immediately ... or Perish!"***

***Consequently ... urgently needed is: A New World View ... A Grand, New Human Epoch ... where Killing, Hate, Oppression and Corruption are replaced by The Living Light of Love, Compassion, Altruism and Earth Ethics.***

***Additionally ... for the sake of ... The Dignified Survival of Earth and Humanity ... and for the sake of ... Obtaining Universal Peace on Earth ... once again I state to all the peoples of the world: "HUMANITY LISTEN! ... CEASE LYING, CHEATING, STEALING, KILLING, CORRUPTION, OPPRESSION and NAÏVE, RELIGIOUS, ECONOMIC and POLITICAL BRINKMANSHIP.***

***To eradicate, peacefully and voluntarily, the human mind monsters of Ego, Ignorance, Greed and Lust for Power will pave the way for the human race to reach Our Full, Human Potential of Righteousness and Dignified Survival.***

***World Peace One (WP1) and its massive, multifaceted programs for Universal Peace give a needlessly suffering humanity the hope and the action platforms for Genuine World Transformation and Massive World Betterment. "THE CHOICE IS OURS!"***

***Anthropologist, Dr. Margaret Mead, like many other wise scholars, correctly stated: "Our leaders are our misleaders."***

***My Great-Grand Uncle, Dr. Alfred Nobel correctly stated: "War is the horror of horrors ... the crime of crimes."***

**Both Dr. Mead and Uncle Alfred were correct!**

**Finally, at a time when the dark clouds of war hang low, a divine, uplifting message of solace and hope from the 1981 book "The Present Crisis" by Pandit Gopi Krishna, Shrinigar, Kashmir Valley, India:**

***"Do not forget when in fear of this war  
That Hope is ne'er away from human hearts,  
And blank despair ne'er the only course  
For those beleaguered by an adverse Fate  
As grace of God is always near at hand  
To fill the darkest day with bright sunshine."***
