**“The Mega-Power of Thought”**

A Brief Address by Claes Nobel  
Founder & Chairman, National Society of High School Scholars  
Founder & Chairman, United Earth

**Honorable Ladies and Gentlemen ... and Most Esteemed Members of The National Society of High School Scholars ... Welcome to our Saint Louis University Member Event! I’m grateful, honored ... and very happy to address this outstanding audience of ambitious and very smart scholars.**

**Mark Twain, the author of The Adventures of Tom Sawyer and Huckleberry Finn, said: “The two most important days in your life are: The day you were born ... and the day you figure out why.”**

**Dear audience ... allow me to tell you ... why you were born. However ... since this is a kind of deeply personal, soul-searching question ... it requires an equally profound answer. You will get it!**

As you can see from the program ... the theme of our Member Event is: “Learn, Lead and Change The World.” Therefore, to Change The World, I sense, is one of the main duties of your life. Your youthful energy and great gusto for life and living ... can, will and shall Change the World ... to a better, safer and saner one ... than the one we presently have.

Dear Honor Students, one day soon ... you will inherit the world ... with all its Beauty and all its Problems. With that observation in mind, I say: “The world needs you! Yes, it urgently needs your cool heads and warm hearts! Many Great Challenges you will face ... but even Greater Opportunities are yours soon to accept. Just think about that! Now ... do you guys agree with me? Yes ... No? Let me hear! Let me hear! OK! OK! Very Good!!!”

Well to change the world is no small task. There is Only One Way ... Only One Force ... Only One Power that can do that. I will soon tell you what it is.

At an early age, thanks to your parents, teachers and The Age of Information Technology with its powerful, personal computers and ... Smart Phones for Dumb People ... you already have much knowledge about many important topics and issues.

That is all very good ... because without having A Solid All Around Higher Education ... coupled with specific skills and training for the goal you have in mind ... you cannot fulfill the Dreams of Your Life.

However, I am quite sure, there is one subject where you have not, as of yet, received adequate education in. Yes, I daresay that you ... exactly like most people in the world ... have little or no knowledge at all in that particular field. The field in question is the super-important and seldom studied subject of: “THE MEGA-POWER OF THOUGHT.”

With all the strength I have at my command ... I state: “In order for you ... and for all our brothers and sisters in the family of mankind worldwide ... to enjoy reasonable Health, Happiness and Harmony ... and for the sake of: The Sovereign Nations, Political Parties, Financial Institutions and Religious Entities of the World to have “Peace on Earth” ... we all have to have deep knowledge, utmost trust and unflagging faith in the sublime subject of: “THE MEGA-POWER OF THOUGHT.”

**This Extremely Powerful Giant of Creative Mental Energy, which is the subject I am talking about, presently dwells dormant in the heart and mind of every man, woman and child. For the sake of our dignified survival ... we have to wake it up. ... We have to kick-start it! Right Now!**

For millennia, even prior to the time when the Great Pyramid in Egypt was built, The Creative Spirit and Force of Mind Power ... and the required disciplines and proper method for its assiduous implementation, has been ... the highly guarded secret of the most powerful few ... the Initiates. To them it is known as: “The Great Esoteric Truth.”

Lord Jesus said: “The TRUTH Shall Set You Free.” And, in that context, I most humbly say: “Live by the Divine Essence of TRUTH ... and The Mega-Power of RIGHT Thought ... and you will Change the World and Save The Earth.”

Consequently, Ladies and Gentlemen, for the sake of Genuine World Betterment we humans have to know, respect and fully understand how to better and more safely use The Mega-Power of Thought, which power can be used for both good and evil purpose.

There is much Man-Made Beauty in the world, such as: Taj Mahal in India, Mona Lisa in the Louvers and Beethoven's Music etc. etc.

However, The Mind of Man ... and his Powerful Thoughts also creates such ugly monstrosities as: war, the nuclear bomb, terrorism, environmental degradation, rape, torture, bullying, hate, oppression, school shootings, drug abuse and The Recent Boston Massacre and so on, and so on ... ad nauseam, all of which ... as we know ... is created by ... and rooted in ... Human Thought.

Ladies and Gentlemen, as you know ... our species is named Homo sapiens ... the knowing, wise man. Now, some scientists suggest we should be called ... Homo sapiens, sapiens ... the doubly wise man.

In view of the just mentioned Horrific Atrocities, which all are caused by wrong-doing and wrong-thinking by us humans, I think the scientists are dead wrong. ... A more appropriate name would be: "Homo stupidus, stupidus."

**We must all know and understand that: Thought is a form of energy. Thought is Creative Energy. Thought manifests into actions, ideology and things. And every human, yes, each and every person in this audience ... both adults and youth ... you are all Miraculous, Human Transmitters and Receivers of: Potent, Mental Energy Waves ... Called Thought. Yes, Thought Creates Reality!**

**The immensely vast universe ... with its many billions of galaxies ... where our galaxy: “The Milky Way“... being one of the smaller ones ... which in its turn contains ... billions of Solar Systems filled with an uncountable amount of Suns and Planets, I think has not come into existence by a random coincident.**

**Quite the opposite ... from the smallest subatomic particle to the most gigantic orderliness and diversity of cosmos, there is a grand design and an unfathomable, perfect plan ... that speaks for the fact that behind it all ... there is A Creative, Intelligent, Benign Energy-Impulse ... of Enormous Proportions and Capacity.**

These heavenly bodies, as many as grains of sand on a beach ... are all circling around silently in vast, orderly, heavenly spirals. And, our tiny planet Earth, The Blue Pearl in Space, which harbors The Miracle of Life, is located far, far away on a remote tiny finger in one of the Solar Systems of the Milky Way.

And, the basic, common building material of this infinite, eternal, miraculously, splendid Universe is entirely composed by various Forms and Fields of Pulsating, Vibrating Energy.

Many cosmologists, philosophers, sages and religions state that there in the vastness of space exists an intelligent, creative, self-expressing fountainhead of energy, which is the original source of the universe. That divine spark of self-expression many humans call "GOD."

And, the building material of the universe, which came out of nothing, is a form of energy ... by many named "LOVE." I do not know if all that is exactly correct. Possibly? But to the best of my knowledge, so far no modern scientist has verified "The Cosmic Love Principle." But again, many scientists do not believe in GOD.

However, I fully agree with the French Paleontologist and Jesuit Priest, Pierre Teilhard de Chardin, when he said: “The day will come when, after harnessing space, the winds, the tides, and gravitation, we shall Harness for God ... The Energies of “LOVE.” And on that day ... for the second time in the history of the world ... we shall have discovered fire.”

And this I also know for sure: I have the gift of being able to feel the energy of vibrations. And, my goodness ... is this big hall full of “Good Vibes!” You guys are Transmitting them ... and I am Receiving them. It feels good! I am very happy. And, I say, nothing beats the good beats ... of a Happy Heart!

Furthermore, I also know ... from my Personal Mental Energy Practice of: prayer, meditation, concentration of mind and knowledge and experience gained from spiritual masters and scores of private meetings with holy men and women, and from many years of studying comparative religion and philosophy, plus from compacted wisdom found in various axioms such as:

**“What Mind Can Conceive ... Man Can Achieve.”** **“Where there is a will ... there is a way.”**  
**“Mind over Matter.”** And, what Aristotle said: **“The energy of mind ... is the essence of life.”**

Yes, from those sources I know that the **“Mega-Power of Thought”** which constitutes a form of mental frequencies of vibration creates our reality.

Furthermore, the **Laws of Physics** state that energy and matter are interchangeable and that everything in this world of ours is: **Inter-connected, Inter-relate and Inter-dependent.** And that: **Every Cause has an Effect ... and Every Effect has a Cause.**

From my private library I will quote two inspiring poems illustrating **The Mega-Power of Thought**. One penned by the British author and spiritual thinker James Allen. In his little book **“As a Man Thinketh”** we find this truism. Quote:

*“Mind is the Master power that moulds and makes,  
 And Man is Mind, and evermore he takes  
 The tool of Thoughts, and, shaping what he wills,  
 Brings forth a thousand joys, a thousand ills:--  
 He thinks in secret, and it comes to pass:  
 Environment is but his looking-glass.”*

William Blake an 18<sup>th</sup> century, famous English master engraver and painter, a poet and mystic wrote this beautiful most philosophical verse:

*“To see a world in a grain of sand,  
And a heaven in a wild flower,  
Hold infinity in the palm of your hand,  
And eternity in an hour.”*

**In an “Educational Best-Practice-Manner” I will now give you the really most potent “WORLD BETTERMENT REMEDY” of all. It is a fail-proof prescription for Universal Peace and Personal Happiness. It is Good Medicine ... for A Sick World.**

**In honor of my relative Dr. Alfred Nobel, I call it: “The Dynamite Medicine.” When diligently and constantly used ... this stuff can ... will ... and shall Change the World. And, not only that ... it will also keep you out of jail. ... How about that? This Peace Panacea Remedy contains “THE SEVEN RIGHTS.” They are:**

- 1. Right Thought. Your mind is a dynamic “Master Builder.” It creates reality! Dream lofty dreams! Thoughts materialize!**

**Everything in our universe, in the world, in this room ... yes, even each and every person in this audience ... it all originated first ... in thought.**

- 2. Right Word. Words are most powerful. Once a word leaves your mouth ... not even the strength of 10,000 elephants can pull it back again.**
- 3. Right Deed. Stop talking ... start walking. Let Dignity, Honor and TRUTH ... be the noble hallmarks of your character.**
- 4. Right Attitude. Smile, laugh, and be: kind, positive & helpful to all. Become good listeners.**
- 5. Right Livelihood. Step lightly on the Earth ... leave no footprints.**
- 6. Right Here. You do not have to go to the far corners of the world. Start world transformation in your own community. Start right in your own backyard.**

**7. Right Now. Do not procrastinate! No more excuses like ... that you have no time! Become an active ... and very busy person for World Betterment and World Change.**

Once again ... here are the Seven Rights: 1. Right Thought. 2. Right Word. 3. Right Deed. 4. Right Attitude. 5. Right Livelihood. 6. Right Here 7. Right Now. Memorize them! Apply them in your daily life! And you will: “Change The World & Save The Earth.”

Finally in closing, the last few verses from Max Ehrman’s classical poem called “DESIDERATA”... which means “Things To Be Desired. (Quote)

*“You are a Child of the Universe.  
No less than the trees and the stars;  
You have a right to be here.  
And whether or not it is clear to you,  
No doubt ... the Universe is unfolding as it should.*

*Therefore, Be At Peace With God,  
Whatever you conceive Him to be.  
And whatever your labors and aspirations,  
In the noisy confusion of Life,  
Keep Peace with Your Soul.*

*With all its sham, drudgery, and broken dreams,  
It is still ... A Beautiful World.  
Be cheerful! Be happy!” (End of quote)*

**Now, go out in the world ... and challenge yourselves  
... and inspire others! May it so be!**

**Thank you! Thank you very much!**
